STANDARD OPTIONS AND ACCESSORIES | ENCLOSED BELLOWS

Breather Vents – For breathing in sealed covers.

Grommets – For use with supports or guide rods.

Tie Strips – To limit cover stretch.

Wire Guides, Internal or External – To maintain shape in sealed covers experiencing internal pressure or vacuum.

Internal Guides (inserts) – For ball screw applications.

Zipper – For easy installation without disassembling machine parts.

Mounting Accessories
• Clamps, back-up plates and hook & loop fastener
